

A fully in-person course

- All lectures, labs and tutorials will be held in-person. Lectures are recorded and may be made selectively accessible
- Some flexibility and failover to account for unforeseen contingency
- Complete course work in the Linux lab. The course resources will be verified to work in this environment
- ✓ Optionally use your own computer (*NIX distro). Limited course staff assistance

Academic Integrity

- ✓ For CTF challenges you are allowed to discuss problems with your classmates but not solutions
- ⦿ For midterm and exams, you are not allowed to discuss problems and solutions with anyone
- ⦿ You are not allowed to search online for the solution to the problem
- ✓ But you are allowed to search online for snippets of code that will help you write your solution
- ⦿ You are not allowed to share snippets of code with anyone
- ⦿ You are not allowed to publish online any snippet of code related this course even after the end of the semester
