Ethical Hacking

- You will be exposed to attack methods
- You should uphold to a high standard of **professional and personal ethic**
- ⦿ **Your knowledge of attack methods does not imply permission to exploit them**

                              … even if it seems "harmful fun"

- **UofT policies** are <u>strictly enforced</u>
- **Canadian Criminal Code** is <u>strictly enforced</u>
